Summary of Benefits and Coverage

The following pages contain a Summary of Benefits and Coverage for participants covered by the NYSNA Benefits Fund's Benefit Coverage Plan B. This summary consists of an easy-to-understand chart outlining the significant health benefits provided by the plan. It provides a simple overview of what's covered, when it's covered, and what your share of the costs might be under various circumstances.

A requirement of the Patient Protection and Affordable Care Act, health insurance issuers and group health plan administrators must distribute this standardized document annually to all eligible participants of a health plan to help individuals better understand their health insurance coverage. Benefits Fund participants, therefore, will receive this summary each year during the Fund's open enrollment period between Nov. 1 and Dec. 31.

Included in the summary grid is information regarding deductibles, out-of-pocket limits, differences in cost of using in-network versus out-of-network providers, and services excluded by the plan. The summary also includes a tool called "Coverage Examples" that, in general terms, shows what the plan covers for three common medical situations – having a baby, treatment for a simple fracture, and managing type 2 diabetes – and an estimate of the out-of-pocket costs for participants. This section is intended as a guide and costs may vary depending on your particular medical situation. (The terminology and examples used in the Coverage Examples were provided by the U.S. Department of Labor and are uniform for all plan issuers across the country. In addition, the cost of services used in this section are national averages.)

Please note, beginning Jan. 1, 2023 the Benefits Fund has established a maximum network pharmacy out-of-pocket cost of \$8,100 for individuals and \$16,200 for families. This will exclude any penalties incurred under the Fund's clinical pharmacy programs.

In addition, Benefits Fund participants and their eligible dependents are covered under the Fund's pharmacy benefit with Express Scripts for routine vaccinations received at participating retail pharmacies. This includes vaccines for influenza (shot and nasal spray), pneumococcal disease, zoster/shingles, and COVID-19.

The Summary of Benefits and Coverage is not a substitute for the Summary Plan Description and shouldn't be relied upon in all situations. We urge you to continue referring to our Summary Plan Description for detailed information about the plan. In addition, you may always contact a participant service representative at (877) RN BENEFITS for assistance. However, the Summary Plan Description is the Fund's official plan document and supersedes any information provided in writing or verbally.

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. **NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary.** For more information about your coverage, or to get a copy of the complete terms of coverage, [insert contact information]. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. You can view the Glossary at www.healthcare.gov/health-care-law-protections/summary-of-benefits-and-coverage/ or call (877) RN BENEFITS to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall <u>deductible</u>?	Out-of-network medical <u>deductible</u> : \$300 Individual/\$600 Family. Doesn't apply to pharmacy benefits. <u>Coinsurance</u> doesn't count toward <u>deductible</u> .	Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this plan begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> .
Are there services covered before you meet your <u>deductible</u>?	Yes. (all in-network services are paid regardless of the deductible.)	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without <u>cost-sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other <u>deductibles</u> for specific services?	No.	You don't have to meet <u>deductibles</u> for specific services.
What is the <u>out-of-pocket limit</u> for this <u>plan</u>?	In-network maximum: Medical coverage \$1,000 Individual/\$2,000 Family copayment. Rx: \$8,100 Individual/\$16,200 Family before marketplace subsidies.	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.
What is not included in the <u>out-of-pocket limit</u>?	Premiums (if applicable), health care services this plan doesn't cover, clinical pharmacy program penalties, out-of-network <u>coinsurance</u> , and balance billing charges.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .

Important Questions	Answers	Why This Matters:
Will you pay less if you use a <u>network provider</u> ?	Yes. For a list of <u>network providers</u> , see empireblue.com/find-care .	This <u>plan</u> uses a <u>provider network</u> . You will pay less if you use a <u>provider</u> in the plan's <u>network</u> . You will pay the most if you use an <u>out-of-network provider</u> and you might receive a bill from a <u>provider</u> for the difference between the provider's charge and what your <u>plan</u> pays (<u>balance billing</u>). Be aware, your <u>network provider</u> may use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.
Do you need a referral to see a <u>specialist</u> ?	No.	You can see the <u>specialist</u> you choose without a <u>referral</u> .

 All copayment and coinsurance costs shown in this chart are after your deductible has been met, if a deductible applies.

About these Coverage Examples:

This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost-sharing amounts (deductibles, copayments and coinsurance) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.
